dVape

Disposable Vape

Dimensions
101H*20.5W*8.6D

Tank Material
Food Grade PCTG

Tank Volume
1mL

Central Post
Postless

Battery Capacity
210 mAh

Ceramic Core
DellFlow Ceramic
Heating Core

Resistance
1.3Ω

Tip Type
Snap-In

Output Power
6.92W

Charging
Type C

Voltage Settings
3.2V

Options of activation
Inhale Activated

Housing
Aluminium Alloy

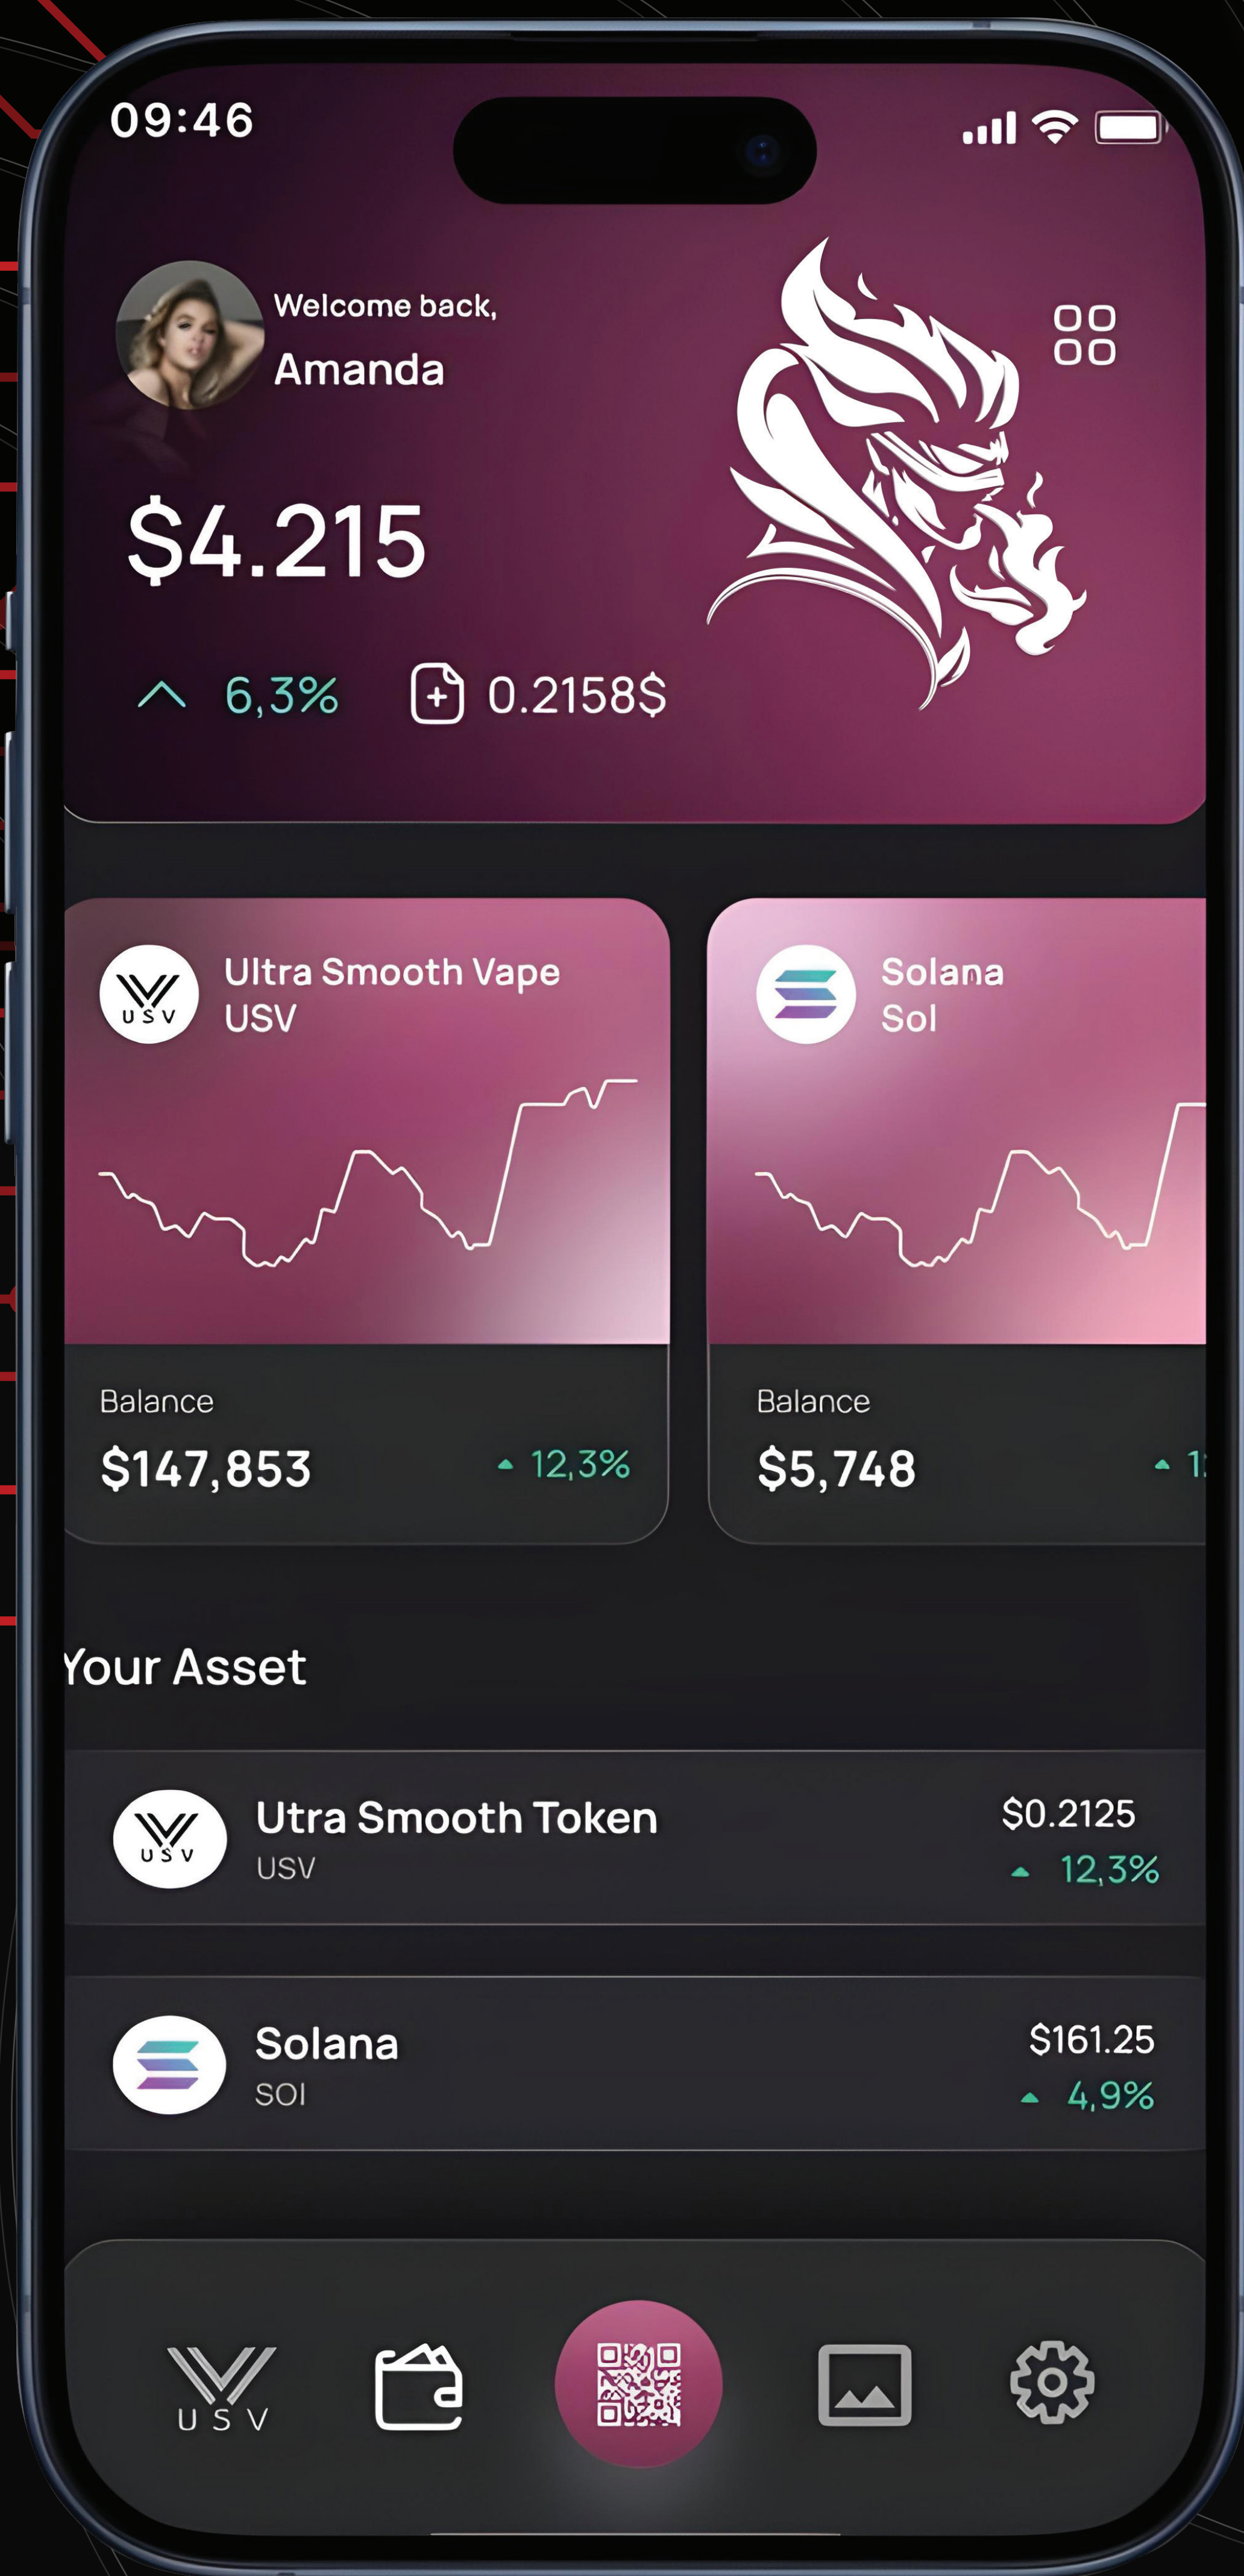

*Ultra Smooth Vape (USV) integrates blockchain technology to create a transparent and secure system for verifying product authenticity and rewarding customers. By scanning a unique QR code on each vape product, customers can verify its authenticity and receive a piece of collective NFT.

Off-Grid Installations

10kW Solar Kit with 5kW Battery Power

Container setup

Becoming self-sustained lab that allows operations in remote areas, where access to the electrical grid is limited or unavailable gives competitive edge and advantage.

Field Research

Ideal for biological, ecological, and environmental studies in remote or rural off grid areas.

Renewable Energy Research Laboratories that study sustainable energy technologies often incorporate off-grid setups for real-time research.

Redifine Flower

Ambient extracted resin that, resembles the full cannabinoid and terpene flower profile along with strain specific flavonoids for enhanced entourage effect.
